7. Closing

 Q1. Does my status as a JSPS Postdoctoral Fellow complicate my ability to obtain an university account and access to email, libraries, sports and recreation ?

A. No, you can apply for your **Tohoku University (TU) ID** and **TU ID card** through the **General Affairs Section in your department**. **TU ID** gives you access to the university email account (so-called **TU mail**).

To use a library, please apply for a library card at the library.

* TU faculty members such as assistant professors can use **TU ID card** as a library card.
No need to apply for a library card!
